Indian Lake transmission improvements

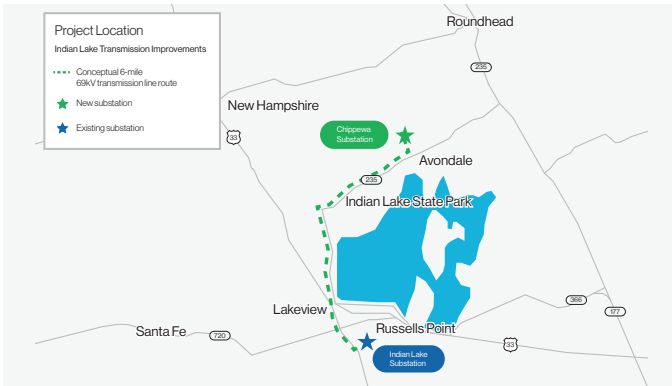

AES Ohio is investing in the electric transmission system to improve reliability and operational flexibility for customers in the Indian Lake and surrounding area.

You have been identified as a landowner along potential routes for a planned transmission line.

This is a great opportunity to meet and talk with project representatives and view detailed project maps.

There is no formal presentation.

aes Ohio

1065 Woodman Drive
Dayton, Ohio 45432

AES Ohio plans to build a new substation and will work with landowners to identify the best route for a transmission line to connect the new Chippewa Substation to the existing Indian Lake Substation.

Where can I get **more**
information?

Learn more about the project by scanning the QR code.

AES Ohio values your input. If you have any questions or concerns, please send an email to: aesohioindianlakeproject@aes.com.
